Dear Bobbie

Howdy! Received your letter the other day, thank's for writing. Like the ad in the newsletter said, I answer all, so of course I don't mind your letter. The more the merrier.

As I'm sure you know from the address on the envelope, that I moved I moved up here to Woods Cross. the 1st of June I needed a change, but miss American Fork. I do all my business in Bountiful that's why I have my PO Box there, even if the Woods Cross one is closer. I may get one in Woods Cross once I get off unemployment. It's hard enough keeping one going, much less 2

Do you know my name is Theresa Friends call me "Pesa" so feel free to do so. And that I'm 23 years old. I'll be 24 on Oct 1. I'm unemployed but hope it won't be that way much longer.

I'm originally from New Jersey a little town called Woodlynne. It's outside of Camden

and Collingswood. I moved out here just about 3 years ago. I like here alot. I've moved around alot in the 3 years, but Utah is Utah no matter where you live.

I've been an Oak fan for 4 years. Richard has been my favorite always, too. It was his bass voice that attracted me to the Oaks. I've seen the Oaks in concert 3X and met all of them in March & Richard again in April. They were really nice.

I wasn't able to attend Fan Fair, but am hoping to next year. My friends attended this year and I gather they had alot of fun. So, now I need to save all my money.

My hobbies include writing, photography (mostly taking pictures) and collecting postcards, stuffed animals, key chains and candles (uniquely shaped).

Other people I like are Kenny Rogers, Eddie Rabbitt, The Hatlins, T.G. Sheppard, & Razy Bailey, to name a few. I can't forget Corbin/Hanner - they are really good. Hopefully they will get a record.

label and start recording
again.

Well, I could go on forever.
I tend to write long letters
But I want to get this
off in the mail. So take
care & until next time may
everyday be a "Golden" day
