I want no reward -
had three dreams drawing in the time frame of Oct 7-11
The drawings are crude but the best I can do. If the
information is helpful. That is reward enough. If further
information is needed. Please run ad in classified personals
I have a habit of recording my dreams - for they always
puzzle. This one was particularly distressing because of the vision.
I took special pains to record & remember the events.
I am forwarding these to you - these are copies of the
sketches I made about a month ago.

Her attacker is a male caucasian. Tall, 6ft, muscular
Weighs about 200. Steel blue grey eyes. Sandy blonde
Wavy full hair. Shaven face, square jaw Early 30's
Furrows on forehead eyes set far apart. Lips top
thin, but lower. Wore cowboy boots. Third shift, new blue
jeans. Lg. shiny belt buckle. Tattoos of military variety
on right forearm. Shirt was hitch twice on sleeves to
sub arms - which revealed the tattoos.

Truck 4x4 Ford 1/2 ton light color no license number
recalled. Office mounted in back near cab.

Not real but in great condition. 921 had office address
in seat. Gun mounts on back window of cab of truck

After assault and body dump - he stopped at a
gas & goodies store. Proprietor knew him. She is an
older lady - pump gas, water. He bought gas - mirror image
of her sunglasses, 1 each.

I feel he is still in area -

5. Severely beaten mutilated.

Their body is in a different area from where attack occurred. Near a place of tracks (exposed ground?)

Threw body over ledge. Body rolled well under a lg Evergreen growing on a slope. The rest of the cliff is clear of logs and growth.

body is not able to be seen. The growth of the pine is at a very fast tempo.

rest in a place of lots of people, laughter, music
Coated her in his truck - when she realized what was going
on - she struggled - They took her anyway. Took her to
the mountains. She got away - ran - through the brush
He caught her - struggled - restrained her. Shook her by the neck.
Took it.

(Stopped first in an area that was open. Her
struggle before she broke away occurred near a
lg. boulder - Then she broke away and ran through the
forest)

Open area - meadow like. lg boulder 4' or 5' diameter
Shrubs & trees lining the edge of meadow about 100 ft along
edge of meadow.
